**TO:** Interested Parties

**FROM:** Samuel Unger (*original signed by*)  
Unit Chief, TMDL Unit 2

**DATE:** March 29, 2004

**SUBJECT: CABRILLO BEACH (INNER) LA HARBOR AREA AND LOS ANGELES  
MAIN HARBOR CHANNEL BEACH CLOSURE TMDL  
NOTICE OF PUBLIC MEETING**

We invite stakeholders and interested parties to a public meeting on Thursday, 22 April, at 1 p.m., at the Cabrillo Marine Aquarium auditorium, 3720 Stephen M. White Drive, San Pedro, California. The purpose of the meeting is to solicit public participation in the development of a Total Maximum Daily Load (TMDL) to reduce beach closures caused by bacteria exceedences at the inner harbor Cabrillo Beach and Los Angeles Main Harbor Channel. In summer of 2004, the California Regional Water Quality Control Board, Los Angeles Region (Regional Board) will consider an amendment to incorporate this TMDL into the *Water Quality Control Plan for the Los Angeles Region* (Basin Plan).

We have held two public meetings on this TMDL and released an early, partial draft for stakeholder comment. At this third public meeting we will present an overview of the entire TMDL and reply to comments we have received on the earlier draft. Staff will also update the TMDL development schedule. At the meeting, Regional Board staff will solicit additional comments about the issues and the TMDL process.

This notice is being disseminated widely but please feel free to forward it to other individuals or organizations. We especially invite interested parties to make presentations or address the meeting. Please contact LB Nye at 213-576-6785 ([lnye@rb4.swrcb.ca.gov](mailto:lnye@rb4.swrcb.ca.gov)) or Sam Unger at 213-576-6784 with questions or to be included on the agenda.
